[Warning: External email]

Hi Kathryn,

I have reviewed your slides, and overall, they look great. I have some comments and changes:

- **Slide 2:** I embedded the link into the word "website," and in the third bullet, I suggest changing "Last spring" to mm/yy.
- **Slide 3:** The font needs to be a bit larger.
- **Slide 4:** Is there another way to say ranks 6 of 12? Also, could you clarify "ranks 2 of 3 for annual course particulate matter" (bullet 3)?
- **Slide 5:** what other approaches exist besides a data-driven approach? Also, I am suggesting removing the third bullet point.

I have attached your slide deck with the edit suggestions. I have attached your slide deck with the recommendations. Let me know what you think and how many minutes you need to go through the slides.

Thanks

Nosa
